We Dedicate This

The Annual Staff of 1970-71 proudly dedicates our yearbook, the Coonskin, to you, Mrs. Wilma Fisher.

You have given your every effort and talent to the improvement of FHS's yearbook for the last twenty-three years.

You have given your students the knowledge they needed to live full and worthwhile lives.

For all the long hours that you have spent and for the hard work that you have done, we dedicate this 1970-71 Coon-skin to you.

The Many Faces of Wilma

Coonskin to You . . . Mrs. Wilma Fisher

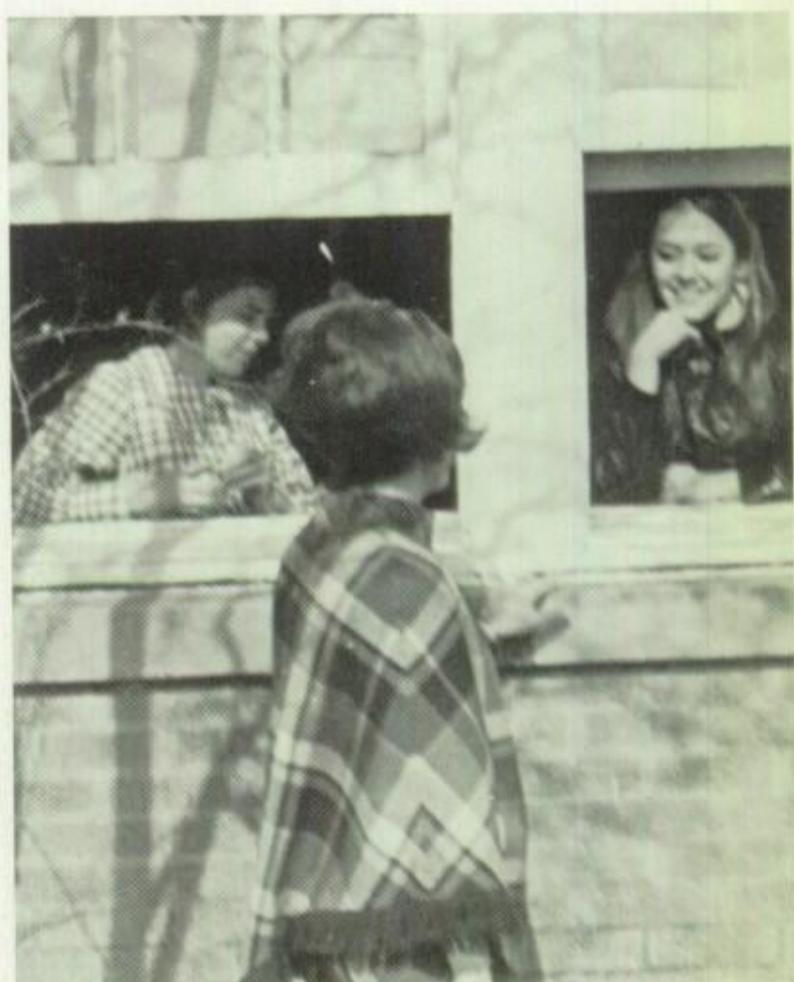

In teaching these students from Nicaragua, Mrs. Fisher displays her teaching ability in typing.

Mrs. Fisher spent much time and hard work in making the girls' restroom more pleasant.

For the two millionth time in twenty-three years, Mrs. Fisher shows these annual staff members the correct way to draw up a page.

Activities

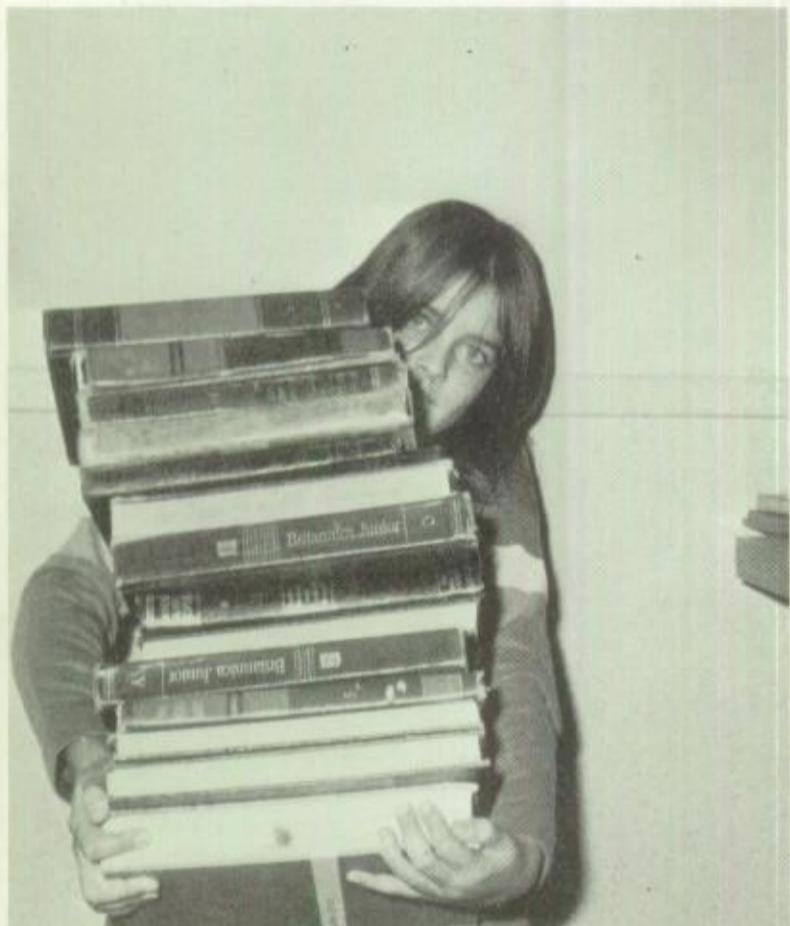

Try to remember when the FHA had to suck pacifiers for initiation and the FFA had to perform stunts for the same reason; remember the laughter when we won the game and the tears when we lost; remember the bottle of iodine used by the girls in the Powder Puff Game on their scratches; remember when we played Celina for the first time on Homecoming Game and won; remember the expression on the boys faces when the girls started wearing maxis ... Try to remember, and if you remember, then follow through these pages.

September at FHS

When life was slow and oh so mellow.

Brenda Wade, a seventh grader, did not realize that Junior High could be so "Back Breaking."

Kim Jackson, Suzi Roberts, and Karen Burman.

Jimmy Yates says,
"Here I am GIRLS."

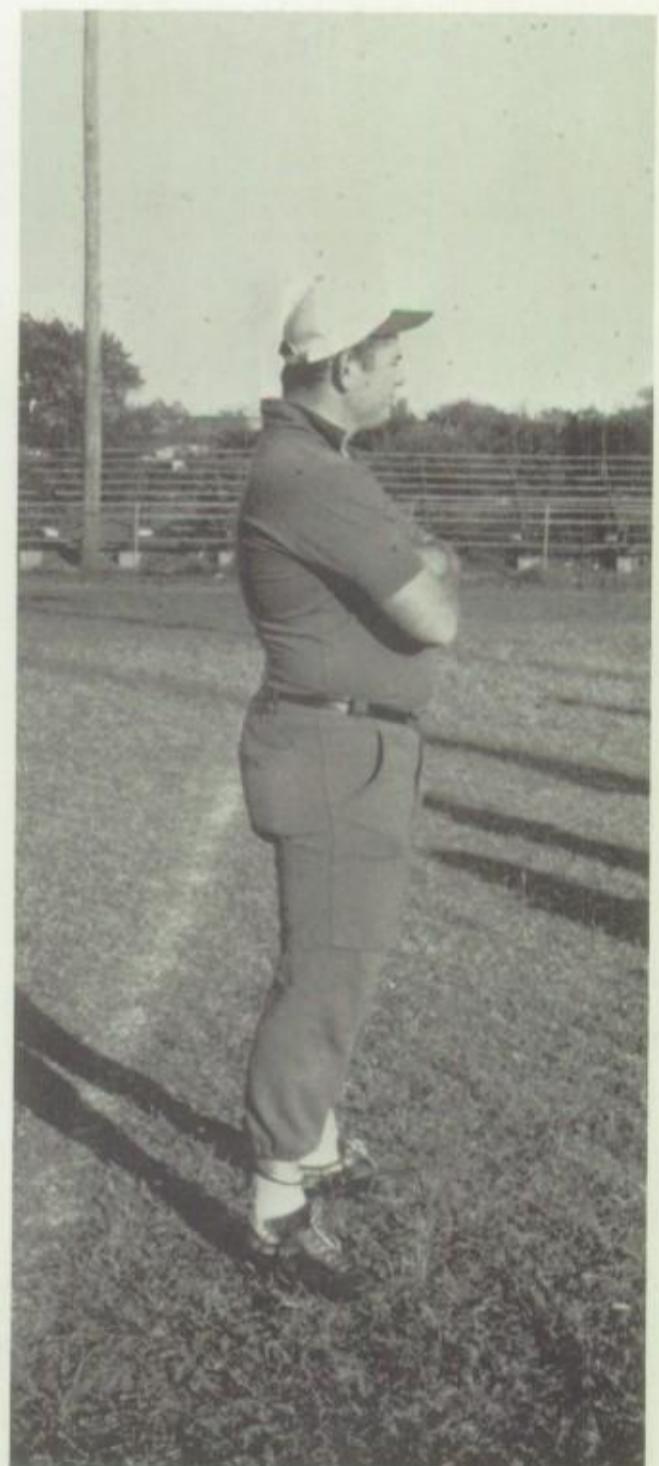

Marilyn, Sue, Penny, LaDonna, and Sally discuss plans for before and after the game Friday Night.

Louann Tadlock and Judy Webb work diligently on their Homemaking III dresses.

Gayle Clayborn and Jeanette Stewart fight finger nail biting and join FHA at the same time.

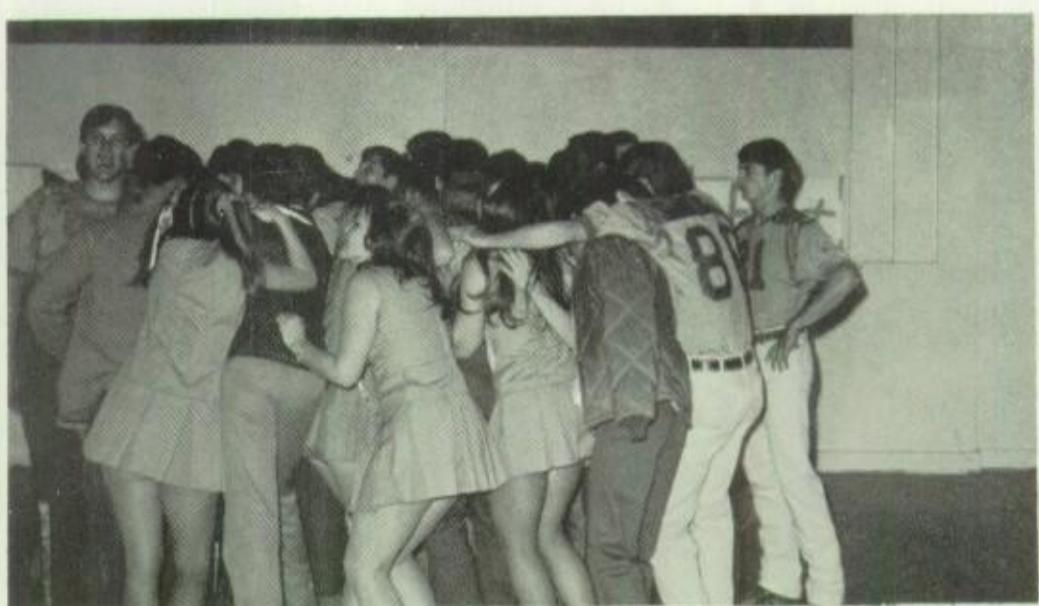

Coach Auld relaxes while watching a "B" team workout.

Paul Johnson, Joe Clowers, and Charles Vaughn demonstrate spirit rally enthusiasm.

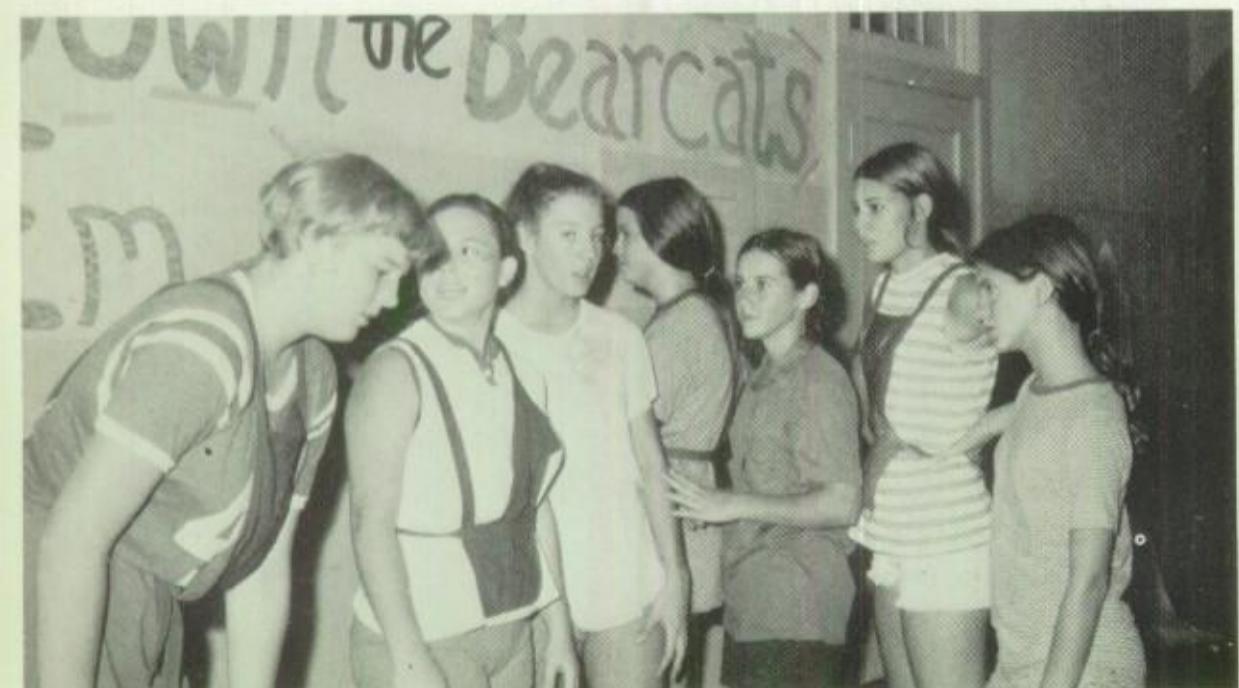

Go Get 'em Coons! The team and cheerleaders form a huddle at the end of a spirit rally.

Marla Kincaid and Robert Norris don't appear to be interested in the teacher.

Someone should remind Ricky Wade to watch out for his fingers because today is Friday the 13th.

After playing basketball in PE, the girls get a drink of water and rest awhile. Taking five minutes is Karen Rogers, Janet Coulter, Cheryl Norris, Debbie King, Marion Jeffery, Joni McSpedden and Tina Barnes.

A Friday at FHS

Holly House keeps her mind on the pattern as she pins it to the material for a dress. Homemaking III class makes wool garments.

Washing dishes does not require much concentration, so Gail Clai-born daydreams during the performance of the task.

Coach Stone awaits his turn to make a speech at the pep rally on Friday, 13th.

Robert Norris asks, "Do I go boom, boom, now or wait a minute?"

Kathy Smith and Sue Antwiler write a note during algebra. Louann Brazeal is unaware because she is concentrating on the problem. Diana Sprouse seems quite amused.

Downfilled comfy coat, school jacket, leather coat:
Tommie Turner, Mark Elliott, Pete Chancellor. (CPO
coat, not shown, is increasingly popular.)

Fringed suede, poncho, striped and plaid trousers: Debbie
Wilson, Diana Sprouse, David Brooks, and David Minter.

Harris, Diane Davis, Carolyn Skidmore, and Jeannette

'71 Fad for '71

Vogue in dress for 1971 is left up to the individual. Previously, to be in style one had to have a set length for dresses, usually very short. Today, however, a woman is free to choose between the mini, midi, and maxi according to her own taste and individuality. Surpassing the midi and maxi, the pant suit has been a large asset to every girl's wardrobe this year. Footwear has also taken a sharp change. The chunky, ornate oxfords are worn with pant suits, and no midi or maxi or even mini is complete without a pair of boots. Lighter weight patent shoes are kept for everyday wear. The wet look is the "thing." Ponchos, capes, and wet leather coats are popular for school wear.

Leather, suede, and varied bright colors are noted in men's '71 fashions as well as the shiny, wet look in shoes. But, the ever popular cowboy or western wear still holds approval among the young men of FHS.

The pantsuit, and midi coat: Debby Stark, Lucy Pearson, and Suzi Roberts.

Safari jacket, Maxi, Mini-Maxi convertible coat, Fun fur: Harold Venable, Tammy Almand, Kathy Carter, and Louis Fancher.

Frisco has all the sole: Cowboy boot, ankle boot, loafer, patent.

School Personnel Musters Sixty-five

An institution of learning is many things, the core of which is curriculum. Its primary task is to teach its scholars but it must also expand, grow, and progress to meet the needs of a changing society.

The most modern, up-to-date curriculum would be useless if there were no instructors to pass on knowledge to others. A teacher helps to mold a generation. From his desire to help his students learn, he must infuse them with a desire to learn. At the same time he must be an understanding friend, an empathetic listener, and sometimes a stern disciplinarian.

In this pursuit of excellence the entire school personnel works with one thought in mind - better learning for student's needs.*

Pulse beat of the collective school system is centered in the office of Superintendent. Execution of school board policies, selecting and assigning of personnel, allotting finances, budgeting, and providing channels for establishment of school-community rapport are among the responsibilities of

Sports Demand Involvement

"The triumph of victory and the agony of defeat ... Two well known emotions to those who give up their time and personal pleasures to represent FHS as our proud and determined athletes.

During the 1970-71 our athletic department was faced with wavering odds, and as our defeats were bitter, so were our final victories sweet.

Pride in themselves and loyalty to our school have made those on the following pages respected and admired members of the 1970-71 student body."

Band Wins Coveted "One" Award

Highlight of a band year is UIL Contest. At the UIL marching contest the band won fourth rating. Spring semester brought much concert practice. They prepared "Gallant Man," "Andante Fughetta," and "Fantacy for Band" for which they took a three rating on their performance. The big moment came when Mr. Tunnell was handed the music for "Young Prince" by Buchtel with two minutes to study and five minutes to instruct the band. During this time (believe it or not) the band was not allowed to talk. The judges smiled as they played and then presented FHS Band with the much sought after one rating in sight reading. The trophy is seen above as displayed in the school trophy case.

Hungry anyone? Coach Stone and Coach Stubblefield are enjoying some of the "goodies" brought by the FHA girls on "Teacher Appreciation Day."

Miss Fitch is trying hard to put the tablecloth on straight. This is what she conveys to her students ... anything worth doing is worth doing right.

Enthusiastic officers help make for a successful club year. Donna Shepperd - Secretary-treasurer, Kathy Antwiler - Vice-President, Judy Webb - President, Judy Whitsell - Parliamentarian, and June Aaron - member to the executive council, (not pictured) Beth Campbell - Reporter.

"Toward New Horizons" is the motto which all the girls in FHA strive to uphold. The Future Homemakers of America, sponsored by Miss Mary Nan Fitch, offers an opportunity for members to further their interest in the art of homemaking. Here, Kim Jackson and Durie Wade stop and discuss what it's all about.

Kim Jackson, Suzie Roberts (in rollers?), and Debbie King were all put back in the sixth grade. No, not really. These were a few of the FHA girls who entertained the sixth graders during the January PTA meeting. This gave the girls a chance to find out how to work children. Suzie and Debbie seem to be having fun, but, from the look on Kim Jackson's face, she says, "Forget it!" (Inset) Debbie Wilson keeps typing class on "teacher appreciation day."

Convention Sponsors Mrs. Bochardt and Mr. and Mrs. Pena also enjoyed the event.

The Frisco High School Beta Club is one of many across the nation. 3-5 Mondays Meant Work for Annual Staff

Long hours of hard work after school are spent by annual staff members. The typing room had overflowing waste cans, crumpled pages, discarded pictures, rulers, and blown flash bulbs which revealed discarded ideas and mistakes. Each staff member knew the frustration of remaking pages and the importance of teamwork, cooperation, proofing, cropping, reducing, enlarging, and making pictures. Constancy toward purpose, versatility, and perseverance and willingness were acquired attributes of a staff member.

Karen Rogers thinks hard about captions for the honors pages.

Elated over the purchase of the Nikkormat camera are Barbara duMenil (Business Manager and FHA pages), Lucy Pearson (Business Manager, annual staff and student council), and Sondra Rolater (Business Manager and Cheerleaders).

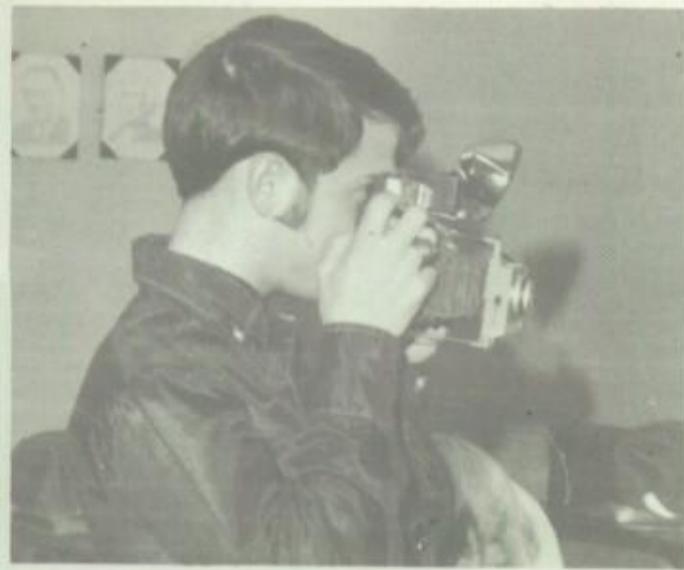

Lynn Isbell, a business manager, was in charge of band pages.

Betty Thompson, business manager, found time to make the Beta Club pages. Typing copy is an important part of making a yearbook. Judy Isbell, associate editor, made elementary class pages and academic pages.

Mark Moore, one of the Sports Editors was caught as he posted to the list of students used in making the index.

As staff photographer, Harold Venable, showed the correct way to take a picture. He was also Sports Editor.

Mrs. Fisher, Yearbook Sponsor, helped Libby Pearson make FFA pages. Libby was also a business Manager.

Selection of pictures to be used in the yearbook is no small task. Judy Webb found it difficult to discard some perfectly good activity pictures.

After completing Junior High pages, associate editor, Cathy Marshall, helped Jeanette Stewart with the activities pages.

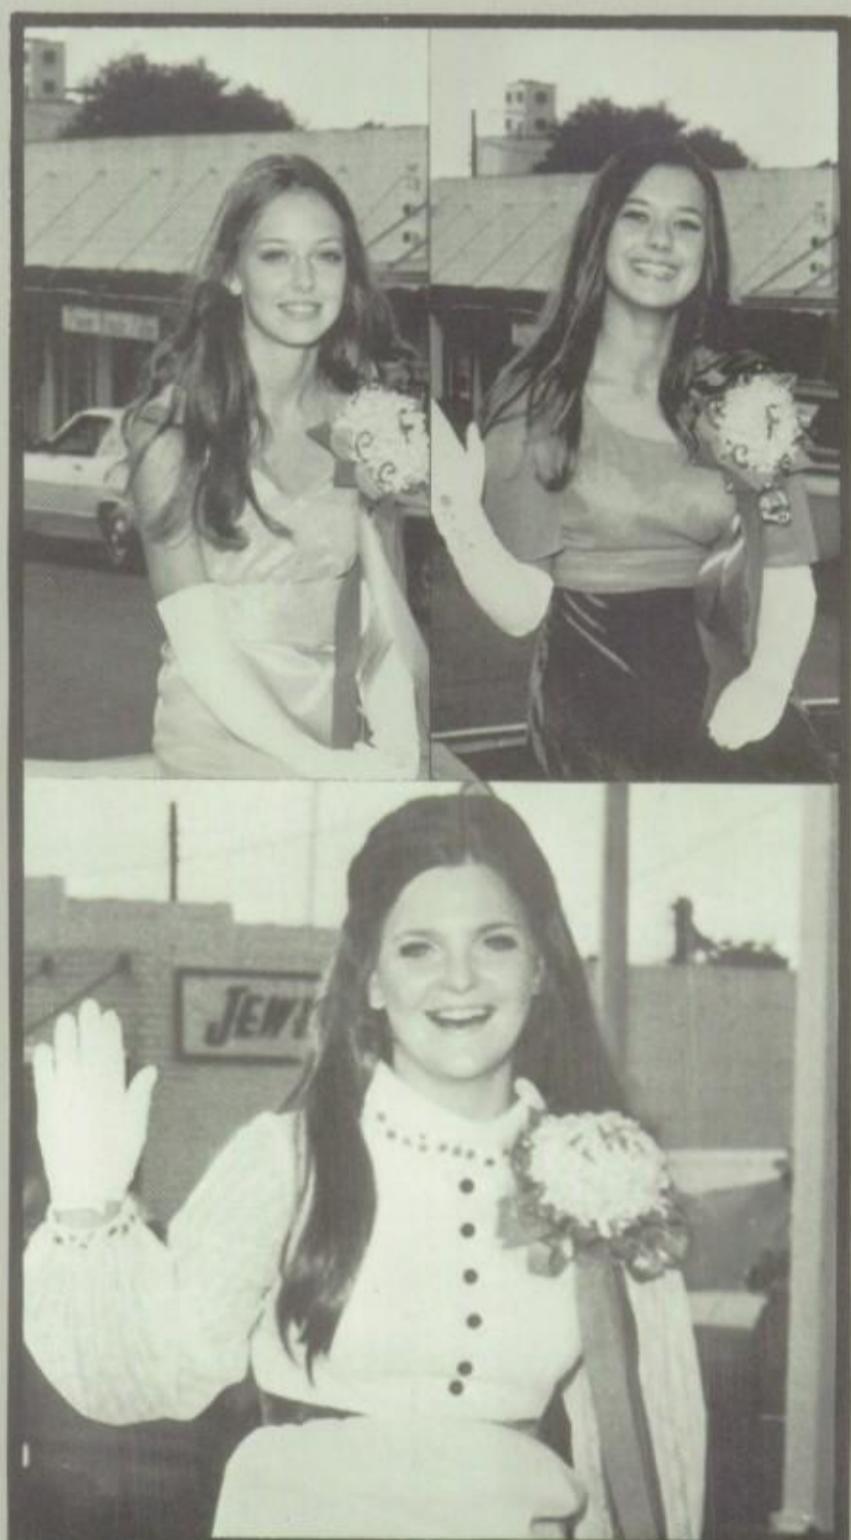

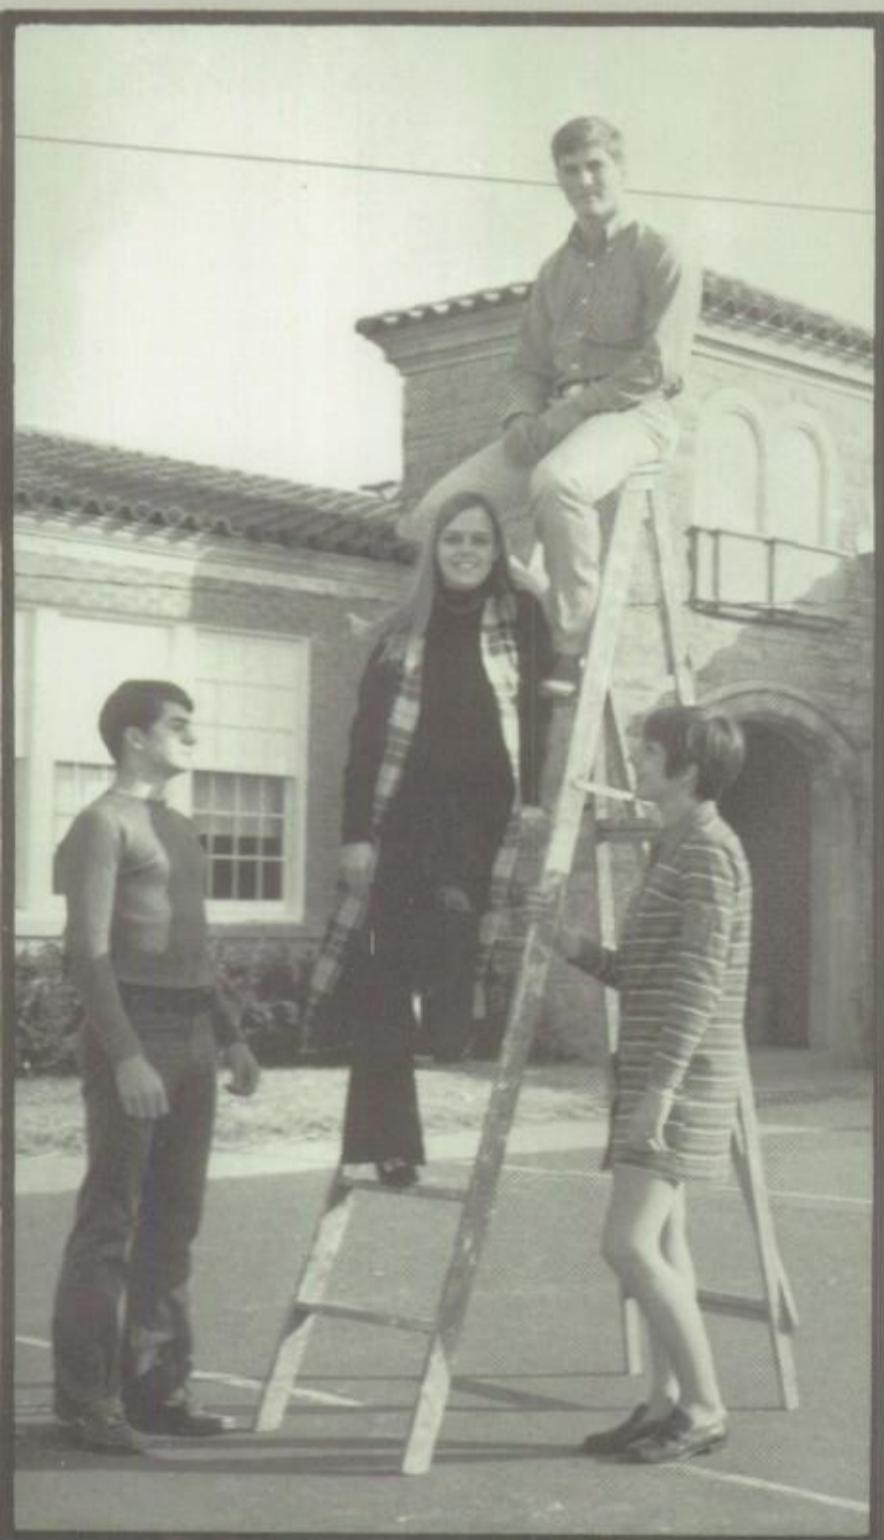

Mike Cates, who made Jr. High Sports pages and helped with the photography, found Jeannie Jones a good subject for the staff's new camera. Jeannie served as '71 Coonskin Editor and made all high school class pages.

Chosen Few

Over the years a tradition has developed at FHS. Special honors are bestowed upon a group of students selected by classmates for beauty, scholastic abilities, personality, and charm. These honors are quite extraordinary and deserve much recognition; therefore, we of the Coonskin staff would like to consecrate the following section of this yearbook to our well-deserving "Chosen Few."

Mr. and Miss F.H.S.

Mr. Mark Elliott

Miss Kay Pearson

Debbie Wins Sweetheart Honors

Try to Remember the Good Times

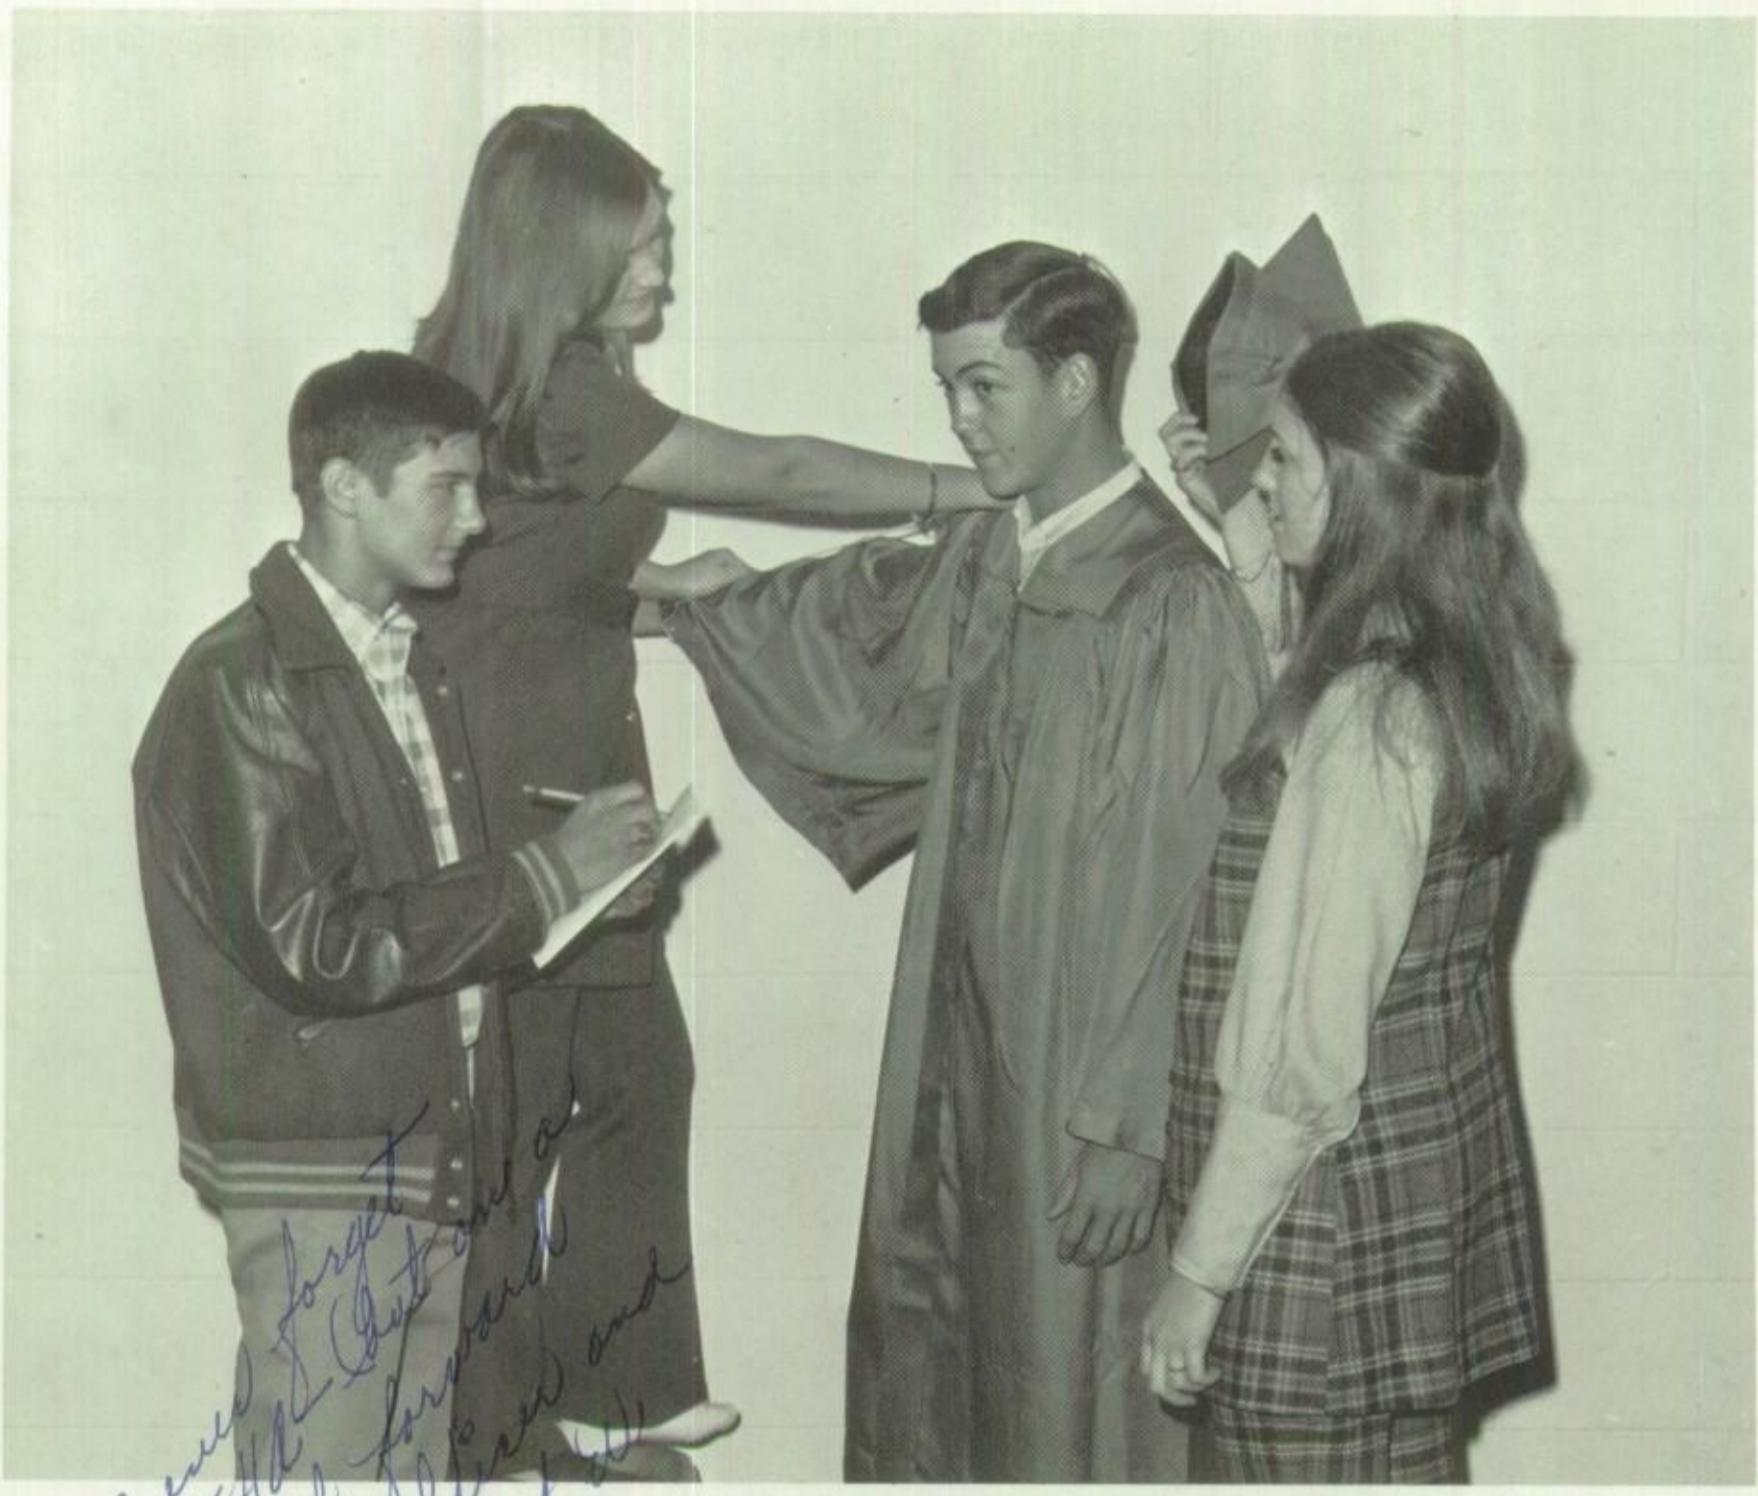

Every student - senior to first grader - has many moments which they remember as "the good times." Every senior tries to remember that certain September when his first grade began. Many of the faces have changed, and many are only memories. The young first grader looks

forward to the time when he will be able to follow his many dreams.

On the following pages are presented the many faces that have been encountered during this school year. These are offered with the hope that many recollections will remain when one ...

"TRIES TO REMEMBER."

Owners of business in Frisco contribute much toward the publication of the 19 Coonskin. As students look through the Coonskin today, or ten years from today they will remember this helpfulness and support these mainstays of the Frisco Schools.

Merchants of Frisco back the school and community at all times and in all circumstances. When there is a homecoming, a fair, a project, or just a problem, these progressive, far-sighted business people lend their time, interest, and effort to the people of this school, town, and community.

Homecoming brings many thrills !!

Senior Hank Kimberlin, who is a volunteer fireman, rides on the Fire Truck to insure the safety of these children. They are Lori Latham, Lisa Smotherman, Sonya Cunningham, and Granville Clark.

Troop 298 of Frisco Boy Scouts march proudly in the 1970 Homecoming parade. Billy Bob Dunfield carries the United States flag and David Province carries the flag of Texas.

If there's a better way, we'll find it.

Thomas A. Edison, the research genius of his time, found a "better way" of life for the world when he first put electricity to use. Later, research by the electric industry and companies like Texas Power & Light Company created hundreds of new conveniences for home, industry and farm. And the future seems limitless. TP&L, in cooperation with other electric utilities, universities and the electric industry, has carried on a number of research programs spanning a wide variety of fields — from exploring the possibilities of converting heat and chemical energy directly into electricity, to developing a vastly improved design for electric water heaters and taking a part in nuclear study, research and development programs. If there's a better way, we'll find it!

Remembering Is Reliving

Twelve years have ended for Seniors.

Because we thought you'd like to remember the barbecue smell at homecoming, the burn of a tear at a losing game, sweet thrill of victory, fun at class meetings, the sensation of just being young and alive this year, we caught for a minute images and recorded them in this book.

You'll remember some bad times, but you will recall wonderful ones, too. Some of us made Beta Club, some were not so sharp; some showed school spirit, others were bored; some had five talents, while others had only one; some used them, others did not.

For a while we were all COONS which is the connection between me and you.

Karen's

a lot of progress. Please don't get
discouraged and continue to work as hard
as you have in the past. Keep your
good attitude but be very serious
about basketball. I'm looking forward
to coaching you next season and also
to probably seeing you in one of my
U.S. History classes.
